Dear Mr. Sinyangwe,

This letter is in response to your request, received on January 30, 2019, to the City of Union City (the "City") pursuant to the California Public Records Act for various materials regarding use of force incidences between the years 2013-2017. Specifically, your request seeks;

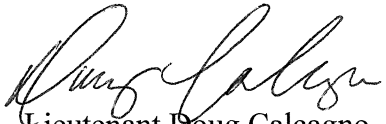

1. The total number of police use of force incidents, broken down by type of force used, between 2013-2017 (separated by year).
2. The total number of people that police used force against, between 2013-2017 (separated by year).
3. The total number of use of force complaints, reported between 2013-2017 (separated by year).
4. The total number of use of force complaints sustained between 2013-2017 (separated by year).

The City has identified records responsive to your request. However, part 3 and 4 of your request asks for information from the confidential personnel files of Union City Police Officers, and is therefore exempt from disclosure pursuant to Government Code section 6254(k) and California Penal Code 832.7. The City declines to release those records which are privileged or exempt from disclosure. Records responsive to your request and not otherwise exempt from disclosure are included with this response. Additionally, there are no responsive documents to part 2 of your request, as this data is not contained in a cumulative report.

The City will make available all other requested documents requested in part 1 of your request which is not exempt from disclosure. Specifically, the total number of police use of force incidents, broken down by type of force used, between 2013-2017 (separated by year). All responsive records the City will make available are attached to this response correspondence in a PDF format.

If you have further questions about this matter, or are able to refer me to controlling legal authority that supports a different result, please contact me at Dougc@unioncity.com.

Sincerely,
